Sir

Over ten year ago a man by the name of Julien Godare went up around Estevan and made a Homestead Entry but left abandoned his Homestead before making an application for a Patent. came here at Willowbunch and started ranching upon Section 34- Twp 4. Rg 27 W. 2nd Meridian, made considerable improvements in building and cultivated one land. one year ago he went into partnership with a French-man by the name of Xavier De Lariviere who built a house and made some other improvements upon that Quarter Section, not agreeing well together the partnership has been dissolved by mutual consent lately. Now De Lariviere having heard that Godare's Entry had been cancelled, consequently had no right to make any claim to the Homestead want to make an application for Homestead Entry for the above described quarter section without the knowledge of Godare who is residing upon that land and has considerable improvements. Not knowing how to act I will wait for instructions from the Department which you will please give me before the time runs out at your disposal.

Sir:

In reply to your letter of the 15th inst., I am to say that Alden Godaire, should send here a description by Section, Township, Range and Meridian of the land which he took up in the Battleford District and afterwards abandoned. After doing this it may be possible to grant him the right of another entry.

With regard to the disputed claim to the North West ¼ of Section 34, Township 4, Range 27, West Second Meridian, it would be well to inform the Department exactly what has been done by Mr. Godaire and also by DeLaroviere on this Quarter Section. According to what you say it would seem that the former has the prior right to an entry. It would be well to have both these parties carefully fill in one of the enclosed forms of statement and return them to the Department.

Dear Sir:-

Re N.W. of 14-45A-26-W/2nd., Soldier Settlement Board and Murdo MacKenzie.

We beg to advise you that upon searching title to the above land, we find that there are two seed grain liens registered against it, each for $99.15.

We will be obliged if you would give us a statement of the amount required to discharge these liens as we are arranging a Loan to the owner from the Soldier Settlement Board. We would ask you particularly, to make sure if two liens for this amount were given, as in a number of cases which have come to our attention, the liens represent only one advance for seed grain.

It is desired to issue patent for a portion of the North half and of the South East quarter of section 12, township 58, range 17, west of the 4th meridian. A portion of this land is affected by the old surveyed trail between Victoria and Edmonton and which trail was transferred to the Lieutenant Governor of the Northwest Territories for the public uses of the Territories by Order in Council of the 14th July, 1897, P.C. 2008. Your Department subsequently filed in the Registry Office and in this Department a plan of a newly surveyed road crossing this land bearing your number 95 and recorded in this Department under number 11175 and subsequently filed another plan of the latter road which was a duplicate of the former and bearing your number 609 and recorded in this Department under number 12662. On the 16th October, 1919, under your ref. 24726 a request was made for a roadway across the North West quarter and South West quarter of the above mentioned section pending the filing in this Department of a final plan of the roadway and you were duly advised as to the standing of these quarter sections.

Apparently Plans 95 and 609 are meant to replace the old trail which was transferred to the Northwest Territories and if so it will be necessary for the province to transfer to the Crown in the right of the Dominion by Order in Council that portion of the old travelled trail which is replaced by the later surveys and also that this Department be furnished immediately with a plan of survey to cover the reservations made in accordance with your request of the 16th October, 1919. I would request immediate action in these cases in order that the issue of the patent may not be unduly delayed. If the survey covering the reservation requested in your letter of the 16th October, 1919, is meant to replace the surveys as per plans 95 and 609 the Department should also then be furnished with a notice of abandonment of the latter surveys.

The Director of Surveys,
Edmonton, Alberta.

Controller.

Sir,

Re road in N.W.¼ Sec. 32-7-1-W.5th M.

With reference to the letter from your Department dated the 26th August, 1907, file 14[illegible], in connection with plan No. 616, Interior No. 12742 and plan No. 13[illegible], Interior No. 11071, the former of which replaced plan No. 421, Interior No. 11137, I beg to point out that the road shown on plan 11071 terminates at the east boundary of the N.W.¼ of Section 32 and that the road shown on plan 12742 stops at the north boundary of the S.W. of Section 32. There does not appear to be any connection between these roads since plan No. 421 has been replaced by plan No. 616.

Mr. Thomas A. Shepherd of Cowley, Alberta, is entitled to patent for the N.W.¼ of Section 32, Township [illegible], Range 1, West 5th Meridian. Will you be good enough to inform this Department immediately whether you desire any reservation to be made from the N.W.¼ of Section 32 for a roadway to connect the roads shown on plan 13[illegible] with that shown on plan 616, and if so when you expect to be in a position to file a plan of the said road.

689

Should you find that you will be unable to file a plan within a reasonable time will you kindly advise this Department of the fact immediately in order that there may be no undue delay in the issue of this patent.

I may add that a copy of this letter is being sent to the Registrar at Calgary for his information in the matter.

OTTAWA. 3rd April, 19[illegible].

Sir,

Sec. 29 - 14 - 20-4.4th M.
Area - 640 acres.

I beg to inform you that authority has been granted for the selection for the School Land Endowment of satisfactory Dominion Land of equal value in lieu of the above which has been included in an irrigation lease in favour of the Canada Land and Irrigation Company.

Please issue the necessary instructions to the Inspector you appoint for the work, pointing out to him that the land selected must be in the Province of Alberta, that it must be equal in value to the land relinquished and also that it is not considered in the best interest of settlement to select more than two full sections on this account in any one township.

The above section was valued in 1914 for the purpose of a sale at the rate of $7. 0 per acre and the School Lands Branch are satisfied to allow this valuation to stand, therefore, it will not be necessary for the Inspector to visit the land for the purpose of ascertaining its value. He will be in a position immediately to select other land of equal value. He should furnish a full report on each quarter selected - stating the value and character, etc. Upon receipt by you of advice from the Inspector that he has made a selection, the necessary note should be made in your records reserving the land so selected, provided, you are aware of no reason to the contrary and you should forward the Inspector's report to Head Office with a covering letter indicating what action you have taken as to reserving the land. You should also inform the Sub-Agent for the district in which the selections are made in order that he may make the necessary note in his records.

Each Inspector's report should be marked at the top "Attention General Check of Records, Dominion Lands Branch."

You should send here copies of any letters of instructions you issue to the Inspectors
